## Monthly Update

### February 2023

In our latest interview, Vítor Poças from [AIMMP](#) gives us an overview of the Portuguese pellet market. [Check it out here.](#)

We conducted a dedicated survey to gather feedback from the certified companies. A total of 118 certified companies from 23 countries completed it and provided us with important conclusions about the ENplus® role on the pellet market. [Learn more here.](#)

New guidance documents [ENplus® GD 3001 - Storage for wood pellets](#), and [ENplus® GD 3002 - ENplus® translations of the pellets bag design](#) came into force on 13.02.2023 and are now published on [the website](#).

FCBA is not a listed certification body anymore while Din Certco is no longer a listed inspection body for ENplus®. In regard to the latter, the ENplus® Head Office advises the Certification Bodies to communicate the change with affected certified companies.

## Do you know?

A first drop in pellet prices has been recorded from the peaks reached in September-October 2022. Check out what the expectations for the European Pellet Markets 2023 are in [the following article](#), written by Manolis Karampinis, Business Development & Membership Director at Bioenergy Europe.

ENplus® is looking for a Administrative Assistant. If you have some experience with processing databases and are interested to join our team, apply now! [Full information about the vacancy here](#).

ENplus® is organising a webinar dedicated to the companies interested to understand better the bag design approval process. The online event will take place on 1<sup>st</sup> of March 2023 (15:30 PM - 16:30 PM CET). [Register here!](#)

**QUALITY MANAGERS**  
*Training*

- [Novi Šeher, Bosnia and Herzegovina – 14.03.2023](#)
- [Zagreb, Croatia – 16.03.2023](#)

The main focus of the training event will be the new requirements brought with the revised documentation. The quality managers of the certified companies should complete a training every certification period.

The 15<sup>th</sup> edition of EXPOBIOMASA taking place in May is expected to gather a great number of biomass professionals. [Learn more about the event here.](#)

The 13<sup>th</sup> annual Argus Biomass Conference returns to London for the biggest international gathering of traders, wood pellet and wood chip producers, and utilities at the industry's number one networking event. [See details!](#)

**New Film from Austrian Biomass Association.** The **short film** combats myths and explains that the only way to effectively mitigate climate change is to stop using fossil fuels and rely on natural, renewable solutions like forest biomass. You can like or share it on social media to support its promotion and spread the word. The film is **available** in English and German. For more information, please contact our colleague from Bioenergy Europe **Diana Nicolaescu**.
