## Monthly Update

### November 2022

Bioenergy Europe's Statistical Report on Pellets is published and available to all members. Below you can see the evolution of Europe's top 5 countries for residential pellet consumption (in tonnes). [Find out more insights here!](#)

Agne Babelyte from Litbioma shares insights about the Lithuanian pellet market. Read the [full interview with her here.](#)

We are glad to inform you that Econotech services Ltd. is now an ENplus® listed Testing Body. Find out more about the company [here](#).

The ENplus® certification is known to be the only wood pellet quality scheme on the market to constantly combat fraud and follow up on quality issues. These efforts were recently supported by a special operation executed in Italy. [Full story here!](#)

Have a look at the video above to learn about our fraud management and how you can easily identify a fraudster.

- [Nowy Tomyśl, Poland](#) – 14-15.12.2022
- [Geldrop, The Netherlands](#) – 26.01.2023 (NEW DATE)

The main focus of the training events will be the new requirements brought with the revised documentation. The quality managers of the certified companies should complete a training every certification period.

The European Pellet Forum is a new annual event targeting businesses active in pellet use for domestic and commercial heat supply. The first edition will take place on January 18<sup>th</sup>, 2023 in Graz, Austria, and will address topics such as the international pellet market development, expectations for pellet stove and pellet boiler markets and current developments of European policy frameworks. [Learn more.](#)

We remind you that the new ENplus<sup>®</sup> documentation is already [available on our website](#). [Read this article](#) to learn about the key changes.
