# ENplus® Certified Companies Delivery Vehicle Data Sheet

VERSION JANUARY 2018

This data sheet shall be completed and updated for every transport vehicle used for part load deliveries to end-users.

In case a non-certified service provider is doing part load deliveries by order of a certified company, the certified company must provide data sheets for the vehicles of the service provider.

In case a new vehicle is put into operation, the data sheet must be submitted to the International ENplus® Management in advance.
